

Vinyl Hoarding Banners

Vinyl banners produce a photo-quality print result which makes it an ideal medium for timber hoardings on small or large development sites.

01 PRODUCT USAGE

Create a visual impact that detracts from the unsightly construction rubble and debris. Vinyl banners on hoardings are often:

- Hoardings in urban areas
- Used within shopping centres
- Perfect for crowd control at small and large events

02 PRODUCT BENEFITS

Our vinyl hoardings are incredibly durable and are completely UV stabilised, meaning that your hoarding will withstand the temperamental Australian climate. What really causes vinyl hoarding to stand out from other products is its outstanding print reproduction and quality.
